Classic 50 - Our Most Popular Orchestral Stand

- Quiet, Rattle-Free Performance – Polycarbonate desk and base are quieter than steel or aluminium.
- Lightweight, Yet Durable – At 2.2kgs, moving stands is a breeze.
- Long-lasting Appearance – Polycarbonate material won't scratch or dent, making them virtually "graffiti proof."
- Protection of Musicians – Bolt-thru desk attachment means no unexpected mishaps, and polycarbonate material and rounded edges means no sharp edges to worry about.
- Protection of Instruments and Floors – No worrying about scratching or denting expensive instruments or scratching your timber floors.

\$139

Wenger music stands withstand years of use and never wobble!

Roughneck Durable All-Steel Music Stand

- Strength of Steel – 22 gauge steel desk with rolled edges to add strength.
- Locking Height Adjustment – Trigger lock easily holds 13kgs without releasing.
- Sturdy Performance – Balanced design means no tip-overs and wobble-free.

Bravo Premier Heavy-Duty Music Stand

- More durable, more functional, more attractive & a better investment.
- Room for Everything – Large polycarbonate desk with built-in accessory shelf.
- Balanced, Quiet Performance – Heavy-duty base and lightweight desk is super stable.

Small Stand Cart

- Easy one-person operation, even on stairs.
- Holds 10 Classic 50, 9 Bravo or 10 RoughNeck stands.
- Space-saving footprint

Large Stand Cart

- Loads and unloads quickly from both sides.
- Holds 20 Classic 50, 18 Bravo or 20 RoughNeck stands.
- Easy for one person to handle and manoeuvre.
- Accommodates stands from most other manufacturers

RISER REVERSIBILITY

Wenger makes it easy to change riser arrangements by simply switching the position of the steps on the frame.

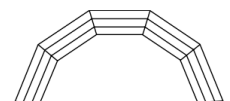

For a straight arrangement, alternate reversed riser units with regular units.

For a winged arrangement, reverse only the center unit.

For a horseshoe arrangement, reverse the center unit and add three regular units to each end.

For a semicircular arc, place regular units end to end.

StageTek

- A portable stage and riser system that's strong, versatile and easy to set up.
- For facilities that require multiple stage setups/configurations for a mix of different performance events.
- Maximum Flexibility – Simple, economical, plug-in legs make hundreds of configurations possible to meet all your needs.
- Fast, Easy, Intuitive – Anyone can set up StageTek in minutes. No tools needed.
- Safer – Higher load ratings in a deck that's 20% lighter. Only StageTek gives you rounded edges for a comfortable powergrip (75% stronger than a pinch grip). This helps save backs, fingers and toes.
- Less Storage – Save as much as 50% in storage space with our easy moving storage and transport cart. Legs can store in the decks keeping parts nearby for the next setup.

AMERICAN CRAFTSMANSHIP USING QUALITY MATERIALS

Nota® Chairs

Wenger Music Posture Chair design redefined what a music chair should be by providing the seated musician with the same strong, natural posture as if they were standing. Nota takes that concept to the next level, providing rear and forward seating positions that allow musicians to sit in the manner that best suits their style and instrument. Both the Premier and Standard models also feature a narrow convex back that provides lumbar support while still allowing freedom and range of movement, and a rounded waterfall front that provides better circulation and comfort for a wider range of body sizes. Nota popularity is growing fast because there's no other chair like it and it's built to work and look great for the long run.

CONSTRUCTION

- Narrow convex back provides lumbar support while still allowing for freedom and range of movement.
- Rounded waterfall front accommodates a wider range of body sizes.
- Nota Standard consists of wear-resistant polypropylene seat and back promoting even weight distribution, greater comfort and a lasting appearance.
- The Premier is padded and upholstered for added comfort.
- Powder-coat paint finish for maximum durability. Chrome also available.
- Durable, specially designed floor glides provide stability when seated and ease of movement when arranging chairs.
- Specially designed stacking bumpers provide maximum stability and protection when chairs are stacked.
- 14-gauge steel frame for extreme durability.

Dual Seating Zones

THE ENGAGED POSITION

THE PERCHED POSITION (FORWARD)

No matter which position you or the conductor prefer, the Nota music posture chair is designed to keep your posture in the best possible place for performance and comfort.
